

# Summer 2010

June 21 – August 14

**Classes with ages** – any one within that age group may join the class.

**Classes with letters** – Students are assigned to a specific letter class. The letter you are assigned to will be the appropriate age group. If you are unsure of the letter you should sign up for, please call the studio.

(After May 21, we will begin to cancel any classes that do not have at least 4 students enrolled. Please register before then if there is a certain class that you would like.)

**Performing Company** will begin during the first week of Summer.

**Competition** placement will take place during the first two weeks of summer. For all students who are registered, we will let you know what time to come during those first two weeks. After the second week, we will give you your permanent schedule that will remain the same for the rest of summer and all of the 2010-2011 school year.
